Cross-Industry Mixed Content Dossier

Synthetic document created for document-parsing evaluation.

Section A - Executive memo

The review combines finance, operations, compliance, and technical evidence. The page uses headings, prose, a chart, and a caption. Repeated values test whether a parser duplicates content.

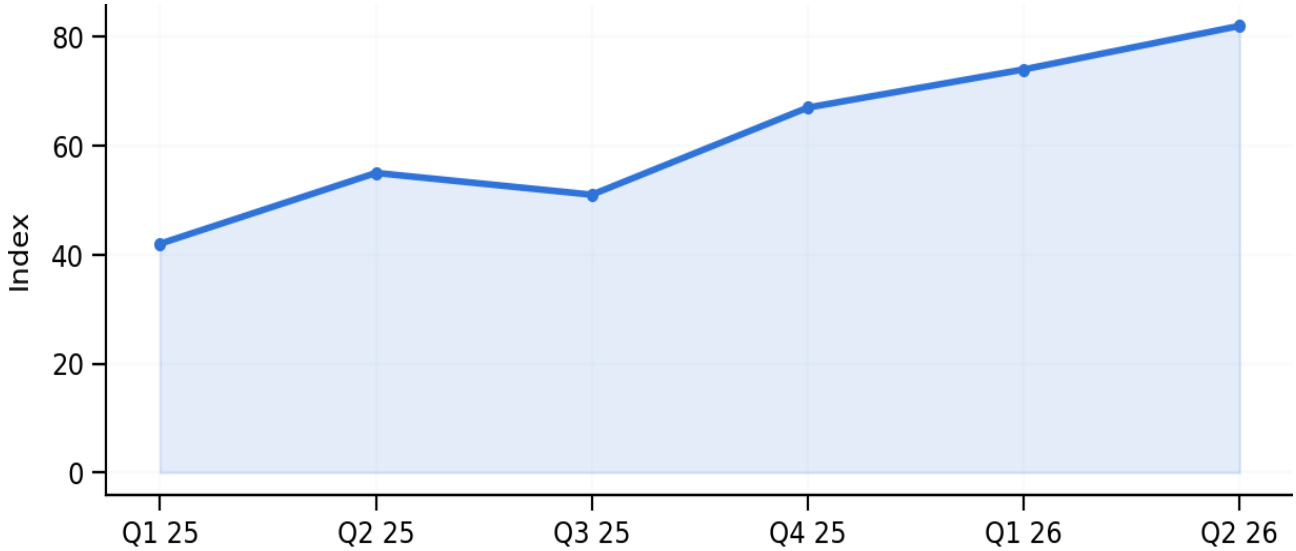

Figure A. Weighted quality index. Source: synthetic benchmark model.

Section B - Nested program table

Program	Stream	Tasks	Complete	Open
Orion	Data	12	9	3
	Platform	8	5	3
	Controls	6	6	0
TOTAL		26	20	6

Section C - Formula and code

$$\text{Weighted score: } S = 0.40A + 0.35Q + 0.25T$$

```
{
"document_id": "MIX-2026-001",
"language": "en",
"pages": 4,
"contains": ["tables", "charts", "image", "code", "rotated_text"]
}
```

Section D - Two-column action register

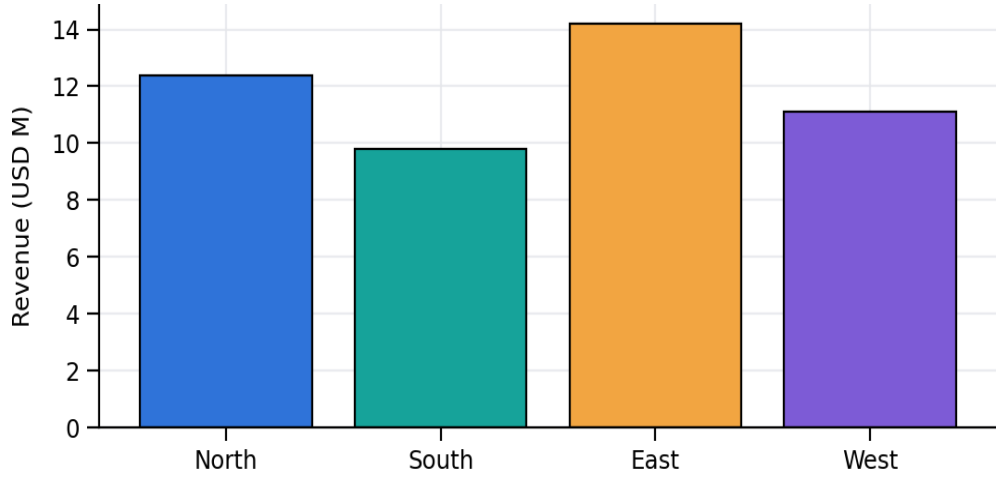

Priority actions

1. Validate table reconstruction.
2. Review OCR exceptions.
3. Confirm chart captions.

Ownership and dates

Owner	Due
Alpha	30 Oct 2026
Beta	5 Nov 2026
Gamma	12 Nov 2026

Section E - Image crop and rotated stamp

CONTROLLED COPY 2026
