Master Services Agreement

Synthetic document created for document-parsing evaluation.

Parties and effective date

This Master Services Agreement is made on **22 October 2026** between **Alpha Research Services Limited** (Supplier) and **Beacon Systems Test Entity** (Customer).

1. Scope

Supplier will provide document digitization, metadata validation, and exception reporting as described in each Statement of Work. Defined terms appear in quotation marks and cross-references appear as Section 2(b).

2. Service levels

Severity	Response target	Restoration target	Escalation
Priority 1	30 minutes	4 hours	Immediate
Priority 2	2 hours	1 business day	After 4 hours
Priority 3	1 business day	Best effort	Weekly review

3. Fees

Customer will pay undisputed invoices within thirty (30) calendar days. Taxes, withholding, credits, and disputed amounts must be itemized separately.

4. Confidentiality

Each party will protect Confidential Information using reasonable safeguards and will disclose it only to personnel with a need to know.

5. Limitation

Aggregate liability will not exceed fees paid during the preceding twelve months, except for claims expressly excluded by the applicable Statement of Work.

Schedule A - Service metrics

Metric	Target	Measurement window
Monthly processing volume	120,000 pages	Calendar month
Field-level accuracy	98.5%	Accepted sample
Platform uptime	99.9%	Monthly, excluding planned maintenance
