Appendix: Inspection log (continued from 7)

Inspection 8

Service review control training capacity energy demand audit review policy delivery customer delivery budget report warehouse demand vendor safety inventory warehouse supplier shipment quality budget quality safety compliance target payment delivery energy contract target growth capacity target sensor compliance inventory compliance output vendor process audit audit energy demand schedule maintenance supplier margin customer inventory sensor supplier product plant maintenance review safety output compliance sensor output energy maintenance margin control energy supplier target inventory growth contract energy plant sensor maintenance review process margin payment warehouse review maintenance report budget delivery capacity.

Check	Result	Reading
Check 8.1	Pass	80.0
Check 8.2	Pass	79.1
Check 8.3	Pass	45.9
Check 8.4	Pass	25.4

Inspection 9

Process capacity report report output warehouse safety product training audit training margin product cost training warehouse safety output plant report product policy capacity margin process inventory sensor plant policy quality budget growth process compliance sensor audit process training delivery sensor training sensor quality safety audit quality output payment audit report demand delivery target maintenance region payment contract maintenance delivery sensor region maintenance output supplier output demand margin delivery inventory inventory schedule policy output audit supplier customer supplier product vendor growth compliance report vendor output payment demand demand supplier supplier report.

Check	Result	Reading
Check 9.1	Pass	74.3
Check 9.2	Pass	32.3
Check 9.3	Pass	71.1
Check 9.4	Fail	8.9

Inspection 10

Plant sensor training cost budget cost report product report delivery delivery payment schedule report inventory control service capacity control maintenance budget vendor service report output policy report audit contract region training policy plant warehouse policy service audit policy product output cost demand budget capacity delivery cost contract shipment capacity target audit maintenance quality target schedule inventory inventory compliance quality compliance service supplier audit service compliance energy schedule output region cost training region schedule growth growth quality warehouse customer payment process service inventory supplier service energy quality target contract report payment.

Check	Result	Reading
Check 10.1	Pass	22.6
Check 10.2	Pass	69.1
Check 10.3	Pass	35.2
Check 10.4	Pass	75.7

Inspection 11

Growth vendor inventory capacity delivery margin training quality delivery energy delivery target customer plant shipment sensor energy vendor shipment output contract schedule safety margin review safety customer supplier margin capacity risk quality budget cost demand review warehouse sensor shipment training risk review policy risk margin target maintenance quality policy plant shipment energy supplier quality target policy payment sensor payment process schedule product process output budget target energy customer target growth shipment maintenance training risk shipment maintenance growth cost demand compliance growth audit maintenance policy inventory risk process energy contract schedule.

Check	Result	Reading
Check 11.1	Pass	5.3
Check 11.2	Fail	39.2
Check 11.3	Pass	12.2
Check 11.4	Pass	1.9

Inspection 12

Capacity safety risk safety report output policy risk target capacity sensor process contract report budget audit audit vendor output cost region customer training control shipment report growth risk report contract audit output inventory process control policy margin review margin vendor service compliance report growth demand safety product audit customer training supplier margin service shipment delivery training delivery delivery sensor audit delivery safety review growth safety inventory region growth energy sensor target shipment contract budget training energy sensor schedule compliance output payment training margin compliance inventory service output control delivery warehouse.

Check	Result	Reading
Check 12.1	Pass	83.2
Check 12.2	Fail	99.3
Check 12.3	Pass	18.3
Check 12.4	Pass	55.7

Inspection 13

Contract supplier supplier plant inventory maintenance output supplier budget compliance review cost report quality training vendor risk contract review delivery maintenance cost sensor customer warehouse budget growth cost service policy capacity target risk warehouse plant contract warehouse sensor growth schedule sensor training training control process quality capacity output report demand sensor inventory shipment vendor energy warehouse growth delivery energy process shipment customer demand growth payment risk target service control service report process sensor control vendor review policy compliance growth warehouse schedule policy quality safety risk policy customer customer energy shipment.

Check	Result	Reading
Check 13.1	Pass	63.3
Check 13.2	Pass	64.6
Check 13.3	Fail	82.7
Check 13.4	Pass	26.7

Inspection 14

Supplier contract product process supplier vendor cost margin payment contract sensor growth safety sensor audit sensor demand growth output budget output report customer growth warehouse quality maintenance policy review safety service margin budget risk margin contract supplier safety risk review maintenance margin risk vendor region report shipment safety growth delivery plant payment demand compliance region target plant safety warehouse budget control contract region service cost capacity training growth product capacity product inventory review delivery supplier growth contract policy capacity control training energy maintenance maintenance compliance demand plant inventory sensor schedule.

Check	Result	Reading
Check 14.1	Pass	44.9
Check 14.2	Pass	36.7
Check 14.3	Pass	9.2
Check 14.4	Pass	20.6
